21) ~~Recommendation~~

The grant of such large loans in cases of this kind must lead to difficulties in recovering them and may even lead to loss. His pay in Court Service is stated to be Rs 94 p.m. and it is impossible for him to Keep his policies alive & repay his loan of Rs 1261 11 from his pay. I do not think he can get his emoluments even in some employ other than Court increased to the extent necessary to discharge it within any reasonable time. If he can earn more outside Court Service I think he should get permission to do so. But it is necessary to make him execute a new agreement when he is permitted

to accept private employment in addition himself to pay a specified fraction of his gross income or a definite sum large enough of his income to keep it, to keep his policies alive and to repay his loan. I do not know how he was permitted to draw more than the security given by him. The excess is as large as Rs 40 i.e. more than 50 % of his security. This I do not know been allowed. It is of course necessary to take additional security for the excess but I do not see what security he can give. He may take out another policy and they will increase his pecuniary liability. Altogether this is a bad case and the result is such as could have been foreseen when the loan was given.

26) This is a case where the solution is likely to be a difficult one. The loan has been secured only by an Insurance Policy and the premia have been found from the scholarship amount sanctioned. How to ensure that the Policy is kept alive by the scholar unless he is working under the control of Government, is a problem. The Financial Secretary suggests a new agreement but unless the scholar can offer tangible security, the compelling force will be only a moral sanction.

? also by his other properties provide Condition 4 of bond

27) In this case and other similar cases where the Government have no call for the services of the persons on adequate remuneration, the Government will have to make up their mind to set free the men from their ~~agreement~~ undertaking to serve Government. An agreement may as suggested by the Financial Secretary be taken from them to keep their Policies furnished as securities for Government loans, and to repay the loans in easy instalments of Rs.50 or 100 a month according to the financial condition of the scholars. These agreements are more or less mere acknowledgements of their debts to Government and it will not be easy to enforce them. There is however the satisfaction that the State has been instrumental in giving special foreign training to some of its brilliant students.

28) The excess payment noticed by the Financial Secretary seems to be the difference between the exchange rate when the scholarship was sanctioned and when the instalments were paid. It would be an act of grace and perhaps of justice also if

Most respectfully submitted to the Second Member in Council for kind consideration:-

Honoured Sir,

I applied for a free scholarship but on account of financial stringency I was given a loan scholarship.

I expected a good appointment, otherwise, there was no object of accepting a loan scholarship.

With the loan scholarship I have conducted myself tolerably well in my studies abroad and I have taken my Degree.

I find it very difficult to continue my premium and also to give additional security to Government.

Government have been pleased to inform me that I might take appointment elsewhere, but I could not yet get a suitable appointment, though

22(4)

I have been trying my best.

I am a poor man, as you know, being a low paid clerk in the Secretariat. So I humbly request you to treat the loan scholarship as a free scholarship so that it will relieve me of my anxiety of repaying the loan and the amount of scholarship being nearly Rs12,600/- I find my present circumstances, it will not be possible for me to repay the loan for a long period, even if I get an appointment of Rs200/- to - Rs300/-.

Under these circumstances, I beg, the scholarship may be kindly treated as a free one.

83) I do not see the need for showing any kind of concession now. If Mr. Krishnaswami Rao Saheb becomes able to repay the whole or a substantial portion of the loan hereafter, there is no reason why he should escape liability. He has had t h e advantage of a large interest-free loan and if his ability to earn is improved, it will distinctly be the result of the Government aid he has received. I would, therefore, suggest that no part of the loan be excused now. It is no doubt a bad debt but there is no reason why the debtor should x be absolved from his liability, partially or wholly. He is comparatively a young man and our claim to a part of his earnings should, I think, continue in an unreserved manner. As I have stated in my note dated 9th March 1923 he may be given complete freedom to seek employment wherever he likes subject to the condition that he binds himself to pay a specific fraction of his income or a definite sum if his income is large enough to permit of it to keep his policies alive and to repay his loan. If he makes a serious attempt to refund any part of the loan, the question of showing him some concession may then be considered.

84) The situation disclosed by the statement obtained from the Comptroller is serious, as the prospect

(26

prospect of recovery of most of the loans is very remote. The amount outstanding exceeds a lakh of rupees. It is necessary to be most sparing in sanctioning loan scholarships hereafter and they should strictly be limited to cases in which it is possible to feel perfectly assured about the ability of the scholars to repay the loans contracted by them. It is also necessary to institute enquiries in regard to the other cases of large outstandings shown in the Comptroller's statement and take such steps as may be feasible to recover as much of the money as possible

These cases can be examined and action initiated forthwith.

SIR,

With reference to your letter No: I.C.5023/I&C.23-22-22 dated 9-2-1923, requesting information re: the security obtained from Mr. C.Krishnasawmy Rao Sahib, who was awarded a Foreign/Loan Scholarship for the study of Commerce and Business Adminstration in America, I have the honour to state that two Life Insurance Policies of the State Life Insurance of the face value of Rs.8,000/= were obtained from the Scholar as security and these have been accepted under Clause II of Government Order No:250-3/Edn:3-16-207 of 11-7-1917 the amount of premium was being remitted by the Comptroller to the State Life Insurance Committee during the ~~entire~~ tenure of the scholarship. Though the amount outstanding against the scholar is Rs. 12,611-14-3 as calculated by Comptroller, it is seen from the file that for purposes of fixing the amount of security to be taken from the scholar the then exchange rate of Rs. 10/= per pound was taken as basis for calculation. The agreements obtained from the scholar and the file relating to the scholar which was transferred to this office by the Inspector-General of Education are herewith forwar-ed as desired. If Government desire that further security is to be taken from the scholar, he will be called upon to furnish the same. The arrangements were made when the control of the scholarships vested in the Education Department.

prayer will not be mis-understood by Government, because I was obliged to request for this concession purely on account of inability to repay the amount and on no other account.

I may be kindly permitted to make mention of the methods followed as regards refunding of the loans granted under Mr.J.N. Tata's Education scheme:- "The amount due by the Candidate is to be refunded after the candidate shall have begun to earn an income by monthly or other instalments as the Committee may require by payments as follows:-

"At least one fifth of his income if it should be under Rupees hundred per mensem; at least one fourth of his income if it should be between Rupees Four hundred and six hundred; and at least one third of his income if it should exceed Rupees six hundred per mensem."

In the light of the above facts I beg that Government will view my prayer in a gemarous spirit and show me such concessions as may be deemed possible, so that I may be relieved of any anxiety

I always remain grateful to the Government, for having granted me a scholarship and enabled me to secure higher qualifications and improve my prospects.

Letter dated 7-8-23, from-Mr. C. Krishnaswami Rao Saheb, to the Director of Industries & Commerce Bangalore.

With reference to your endorsement No.578 A dated 3rd.July 1923 regarding the repayment of the loan scholarship granted to me as well as for furnishing additional security for the excess amount paid to me, I beg to state as follows:-

You know well, Sir, that I applied for a free scholarship and not for a loan scholarship, You also as Secretary to Government, Education and Agriculture, were kind enough to recommend to the grant of a free scholarship. But owing to the financial stringency Goyernment was pleased to grant me a loan scholarship.

Being a poor man, I was not able to furnish any security in the shape of mortgage, landed or other property. I therefore, got my life insured for Rs8,000/- under the Mysore State Life Insurance and offered the policy as security which was kindly accepted.

The amount of the loan scholarship actually granted to me comes to about Rs 12,600/- of which I have furnished security only for Rs8,000/-. I am now asked to furnish additional security for the remaining Rs4,600/-, which is due mainly on account of exchange rates that were against me, as I received the scholarshi in Dollars only. I beg to state that I find it very difficult to give additional security.

The Board of Management of the Bhadravati Iron Works have recently offered me a job on Rs150/- temporarily for a period of six months. I beg leave to mention that the salary now offered to me is hardly sufficient to maintain myself and my family.

I understand that Government have in the past, in several instances, been pleased to remit fully or partially the amount of the scholarships, the latest instance being that of Mr.Sultan --- Mohiyuddin, now Vice Principal of the Training College, Mysore. I beg that considering my poor circumstances and also the fact that I have not yet been able to secure a decent appointment that my scholarship may kindly be treared as a free scholarship, as I find it utterly impossible, even to continue the premium on my life insurance offered as security to Government. I hope that my
